MARK 3/GATE/LEEWARD

This language is inserted in the course description:

The R/C will lay Mark 1A approximately 50-100 meters to windward of Mark 1. Boats shall pass in order Marks 1, 1A, and then 1 all to port before proceeding to the next Mark, per STCR 34.2. In the event of a change of course, both Marks can be moved to maintain the configuration of the course; Mark 1 or 1A can either be pulled entirely; or replaced by a mark boat. This changes STCR 34.2, Courses.

The practical effects are that 1) it clears the boats approaching the windward Marks from boats rounding the mark and heading downwind much as the current "horizontal" offset to the side does, and 2) has the added advantage of moving the windward rounding pile-up off to the right and downwind of the top-end mark 1A, optimally to or past the starboard layline outside the limits of the respective zones. It increases the likelihood that the port tack boats approaching do so outside of the zones where RRS10 applies and there's plenty of water to maneuver as needed.
