

LAUDERDALE - KEY WEST RACE

SAILING INSTRUCTIONS

Amendment 3

The shortened course distance as a result of Amendment 2 may concern those interested in setting a valid course record, so an additional distance of the same length has been added for any boat attempting to qualify for the record.

- 6.3 Any boat seeking to set the race record may also round the following marks, after rounding the Key West Sea Buoy and before finishing in compliance with the course rules, to add 5 nm to their rated course and qualify for the record:
- a) Green "15" Fl G 4s to port
 - b) Green "WR5" Q G to port
 - c) Green "7" Q G to port

Additionally, the shortened course distance changes the PHRF rated course distance in the NOR. This SI amendment supersedes NOR 10.2. **Red text** is added.

- 9.2 PHRF Time Allowances shall be calculated using the 2021 PHRF of Southeast Florida handicap rating and the rated course distance. **The rated course distance is 155 nm.**
