The Notice of Race

The notation '[NP]' in a rule means that a boat may not protest another boat for breaking that rule. This changes RRS 60.1(a).

[SP] denotes a rule for which a standard penalty will be applied by the race committee without a hearing. The Standard Penalty assigned is listed in the applicable rule. This changes RRS 62.1(a), RRS 63.1, Appendix A4, and Appendix A5.

1 THE RULES

1.1 The event is governed by the rules as defined in The Racing Rules of Sailing (RRS).

1.2 The [Sail Canada Prescriptions](#) to the RRS apply for the entire race, including in US waters.

1.3 Sail Canada is the appeal authority for this event, including for incidents in US waters.

1.4 The event is also governed by the following documents.

1. LOOR Offshore Special Regulations

a. The event is a Category 3 Event under the World Sailing Offshore Special Regulations for Category 3 with prescriptions from Sail Canada and amended by the LOOR, as documented in:

i. [LOOR Offshore Special Regulations for Category 3 Monohulls](#)

ii. [LOOR Offshore Special Regulations for Category 3 Multihulls](#)

These are available at the [R&DWS](#) under *Documents & Forms*

1.5 The Racing Rules will be changed as outlined below. The SIs may also change other RRS.

1.5.1 RRS 41 Outside Help

Each boat may communicate with any person, competitor, boat, or outside source for information available using any means available throughout the race.

This changes RRS 41.

1.5.2 RRS 42.3 (j) Propulsion

1. As permitted under RRS 42.3 (i).

2. Engine propulsion may be used to avoid a collision with commercial traffic providing that such usage does not advance the boat's position from its original position just prior to the hazardous incident.

3. An engine may be used for generating electrical power provided that such use does not advance the boat's position.

All uses of the engine for propulsion must be logged and reported to the Race Committee after finishing the race.

These change RRS 42.3 (i).

1.5.3 RRS 51 Movable Ballast

Canting keels and water ballast are allowed if the applicable class/measurement/handicap rules permit them.

This changes RRS 51.

1.5.4 RRS 52 Manual Power

1. All movable ballast systems must be capable of manual operation if the powered systems are inoperable.

2. The use of power auto helm devices is allowed.

These change RRS 52.

1.5.5 [NP] RRS 62 Redress

1. The Race Committee may announce boats subject to RRS 29.1.

2. The Race Committee may announce a boat's successful completion at the finish.

The contents of these announcements, including order or whether they are made, are not grounds

for redress.

These changes RRS 62.

1.5.6 RRS A4 & A5

A boat not starting within 18 minutes of her starting signal will be scored DNF. If Code Flag T was flown at or before her warning and she was in the starting area at her starting signal, then the 18-minute deadline is waved.

This changes RRS A4 & A5.

1.5.7 Changes applicable to only the Single Handed/Solo Challenge boats of the LO300 and all sailboats in the LO600, after finishing the LO300, i.e., for the second time around the course for the LO600.

1.5.7.1 RRS 41 & 45

A boat may anchor or tie to a dock.

Including when a boat is anchored or moored, the following are specifically prohibited:

(A) Any prearranged transmissions for the advantage of the PiC.

(B) Communications with non-participants for the purpose of a position fix.

(C) Outside physical assistance, an example of which is to free a grounded boat.

(D) Materials, equipment or supplies of any sort shall not be taken aboard the boat.

(E) No materials shall leave the boat except that accidentally fall overboard or are supplied to others in distress.

If a PiC feels that it is necessary to withdraw from the Challenge temporarily, he or she shall attempt to continue to be as self-sufficient as he or she would be if he or she were still on the course and remain on the boat except to address docking or address required customs and immigration.

This changes RRS 41 & 45.

1.5.7.2 RRS 42.3 (i) Propulsion

(A) A boat may temporarily withdraw from the Challenge. To safely enter or leave a harbour, and motoring from a minimum safe distance for the conditions is acceptable. Any motoring that would be necessary must not advance the boat's position.

(B) Engine propulsion may be used to clear seaweed or fish netting from the keel, rudder, or propeller if the use does not improve the boat's position.

All uses of the engine for propulsion must be logged and reported to the Race Committee when checking in after finishing the race

These change RRS 42.3 (i).
