

Whidbey Island Race Week 2016

Notice from Race Committee #1

It has come to the attention of the race committee that the PHRF rating for the Yacht *Eye Eye* in the registration database, 63, is incorrect and does not match the rating assigned and published by PHRF NW. The assigned and published rating is 69. The RC is correcting the registration record for the yacht *Eye Eye* to match the PHRF-NW published rating.

Consequently, the yacht *Eye Eye* shall race in Fleet 4 rather than Fleet 3, so that she will compete against the J109s (and other boats) as was intended by PHRF-NW.

This is explicitly allowed by Sailing Instruction 4.1.3, which has been complied with via this posting and the flying of the L flag.
