

## 2009 Mills Race Amendment #1

### **Electronic Gear and Communication**

We are making this change to RRS 41(d) in recognition that services like XM are a viable safety tool and knowing that many competitors use this technology without intending to violate this vaguely worded RRS.

**RRS 41, OUTSIDE HELP. RRS 41(d) is changed to read as follows:**

Help in the form of information freely available to all boats and any publicly offered internet or broadcast weather information from sources available to all competitors, whether on a subscription or free basis.
