

U.S. Entry Requirements From Canada

For those that are coming from foreign (Canada) they should be contacting U.S. Customs and Border Protection in Sault Ste. Marie, MI at **(906) 632-2631** for clearance. Those arriving from foreign must have a **valid I-68, NEXUS card or other Western Hemisphere Travel Initiative (WHTI) compliant document**. This can be found at www.CBP.gov. U.S. Citizens must have a valid passport or other WHTI compliant document. If they could call approximately 2-4 hours out would be great as it will take a while for us to get out there for an inspection. If we need to conduct an inspection we will inform the crew on the vessel to make themselves available for us.
